Service Provider **RISK MANAGEMENT** Program

The payments industry is going through great change.

THE WAY WE PAY IS EVOLVING **—ONLINE** AND **IN-STORE**

To keep pace, acquirers and issuers rely on third-party service providers such as:

- Digital Wallet Operators
- Payment Facilitators
- Data Storage Entities
- Digital Activity Service Providers
- Third-Party Processors

But bringing new providers into the payments ecosystem increases potential risk.

- Fraud
- Data Privacy Event
- Loss of Funds
- Money Laundering
- Service Disruption
- OFAC Violations

That's why Mastercard is introducing th **EMENT** Program...
to help ensure that service provid **nd** practices in place.
